# MOT TEST GUARANTEE

PROTECTION FOR THE ROAD AHEAD

# FAILED MOT? IT NEEDN'T BE THE END OF THE ROAD MOT TEST GUARANTEE

## WHAT IF...

...your vehicle fails an MOT? Sometimes this happens when you least expect it, and having the necessary work done can cost a small fortune. Who needs the stress? Or the expense?

Best you invest in MOT Test Guarantee.

## SIGNIFICANT BENEFITS

This agreement includes the cost of repairs, replacement parts, labour and VAT of the parts described.

Your MOT Test Centre will issue a VT30 form, listing its reasons for failing your vehicle.

## ENGINE AND MECHANICAL CHECKS

### Fuel system and fuel tank

Excluding: Fuel leakage from tanks or pipes.

### Speed limiter (if applicable)

### Steering and power steering components

Excluding: Oil leaks and valve failure

### Drive shafts (if applicable)

### Suspension and suspension components

Excluding: Wheel alignment, oil leaks and valve failure

### Shock absorbers

Excluding: Oil leaks and the second shock absorber when replaced as a pair, when only one has failed and been cited on the VT30

### Wheel bearings

### Brake systems and mechanical components

Excluding: Corrosion and frictional material (discs, pads & shoes etc)

The listed components are subject to the terms and conditions in your agreement, and to certain limitations in the maximum amount paid in the event of a parts failure.

The parts that form part of an MOT test but are not included under this agreement: registration plates, wheels, tyres, glass, lenses, plastics, doors, boot lid, loading doors, bonnet, general condition of body, vehicle structure, exhaust system, catalytic converters, diesel particulate filters, exhaust emissions and wiper blades.

## INTERIOR CHECKS

### Seats and seat belts

Excluding: Fabric leather and damage to the seat pad

### Warning lamps

Excluding: Airbag faults relating to any airbag or seat belt pretensioners and related deployment components that have reached the end of their serviceable life. Any electronic unit as identified faulty as part of a service

### Switches (position lamp, headlamp, hazards)

Excluding: Impact damage

### View to front, wipers and washers

Excluding: Glass including plastics and mirrors

### Brake controls, servo operations

### Steering wheel and column

### Doors, mirrors, horn

Excluding: Impact damage

### Speedometer, driver controls (Class 5 only)

## EXTERIOR CHECKS

### Lamps, registration plate lamps

Excluding: Impact damage

### Indicators, hazards

Excluding: Impact damage

### Headlamps and aim (self-levelling and motorised head lamp aim. Xenon/HID lights – levelling sensors)

Excluding: Impact damage

### Stop lamps, fog lamps, reflectors

Excluding: Impact damage

### Mirrors, fuel tank cap

Excluding: Impact damage

### Towbars

Excluding: Impact damage and corrosion

## TO QUALIFY FOR MOT TEST GUARANTEE

- the vehicle must be less than ten years old
- there must be no more than 100,000 miles on the clock
